

B&T Universal Service Weapon - USW-A1, Kal. 9 x 19 mm

B&T Universal Service Weapon - USW-A1, Kal. 9 x 19 mm

In order to react to the quickly changing threats faced by police forces all over Europe, especially those threats presented by Islamic terrorist, law enforcement needs to quickly rethink its armament. The recent terroristic attacks have proven, today's police side arms are not able to cope with an opponent armed with military assault rifles and bomb vests.

This is the main reason for the development of the Universal Service Weapon (USW). It was designed to be a weapon which enables the first responder, thus the normal patrol officer, to intervene effectively in the event of a terrorist event. It is also a sidearm that is suitable for every kind of "normal" police work.

Additional Information

Article-no.:	BT-430001
Calibre:	9 x 19 mm
System:	Browning system
Operation:	Semi automatic
Length min./max.:	257 mm / 473 mm
Width:	44 mm with closed stock
Height:	170 mm
Barrel Length:	110 mm
Weight:	1170 g
Stock Pull:	368 mm
Primary Sighting System:	Aimpoint NANO
Suppressor connector:	M13.5x1 left
NAR Rails:	1
Magazines:	17, 19 and 30 rounds
Handling:	Ambidextrous
Shoulder stock:	Foldable

Also included: B&T APL Advanced Pistol Light, one each 17, 19 and 30 round magazine, duty holster, cleaning kit, sling, manual, case.
